Subject: RE: how long will you be in Austin?

That will be dependent on if we continue to have significant numbers of folks in the field. If we are in fact going to continue with the community liaison and debris observers under the MA then the answer is we will continue to need a presence here. If we drop down to just a handful of people doing disposal then we can probably phase out of here.

Please check in with FEMA and let us know how long they plan on your positions being staffed. Thanks - Monica
